

Cellenion is a young and fast-growing team dedicated to **precision and speed** in **single-cell** analyses in Lyon. We are part of the CELLINK group.

CELLINK is a global leader in bio-convergence, equipping hundreds of labs and thousands of scientists worldwide with cutting edge technologies to contribute to the future of medicine. We are driven by three mantras: **passion, inspiration** and **persistence**.

Do you want to join a company that develops cutting-edge products for the life science industry? Do you love to work in an interdisciplinary and international team of highly skilled, young, and energetic people?

We are looking for an **Optical Engineer or Engineer in Optoelectronics** who is passionate about developing **fast and precise optical systems for fluorescence cell sorting**.

The ideal candidate is a team player who develops the best solutions for the success of the product. He will pro-actively seek expertise during the design and development phase of a system and be responsible for delivering at a **fast pace**.

Responsibilities

- **Design** and develop the **best optical systems** for imaging/sensing applications in the field of single cell fluorescence sorting
- **Participate** actively in the complete solution development from design to integration and testing
- **Communicate** decisions to other team members in a logic and organize manner
- **Focus** on main objectives
- **Make intelligent** technical decision in optical engineering
- **Plan and commit** to deliverables

Must Have

Proven capability in developing fast optical sensing/imaging systems (e.g.: FACS, microscopes, flow cytometry, fluorescence systems...)

About You

You are not expected to know everything, but you must be passionate, inspired and persistent about solving problems and achieving your best. If you are a team player who always goes the extra mile, finds the most efficient solution, takes ownership of your work and wants to be a part of the most ambitious team in the life sciences, then you might be the one we are looking for!

Apply Now

If you would like to join our team, please send your cover letter and CV to Mathieu Bennet at m.bennet@cellenion.com.
